The PKVA Security Committee would like to alert residents to the following:

INCIDENT IN SUNI PLACE:

At about lunch time on 22 July 2013 residents of Suni Place were followed in through the boom by criminals in a Mercedes Benz. The driver of the vehicle gave the guard an Oribi Close address but when the boom was opened they sped down Panners Lane and turned into Suni Place where three armed criminals robbed the residents who had just parked outside their garage.

A bag was taken. One minute 40 seconds after the criminals had entered the area (time taken from camera footage), the Mercedes approached the exit boom. The guard questioned the driver about giving the incorrect address and the driver apologized to the guard, said that he was lost and the guard opened the exit boom. The matter has been reported to SAPS .

As a result of this incident, the guards have been instructed to immediately call for armed response back-up if they see a vehicle which does not proceed to the address given on entry.
