

PKVA NEWSLETTER

The PKVA Committee has been asked to communicate the following initiative to all our residents.

“Dear Resident

River Club residents are undertaking a clean-up of the river this weekend, a community event which coincides perfectly with Earth Week 2013 (15 to 22 April). The details are below if you would like to join this worthy cause:

When: 27 April

Where: Low Water Bridge, Belgrave, River Club/Bryanston

Time: From 09:00

Contact: Louis du Toit (louis@ipcentrx.com)

Please bring your own gloves and refuse bags and garden tools (weed eaters, chain saws, rakes etc - note, there is no electricity on the site).

ADT is proud to provide security visibility and manpower at the event so feel free to come along and do your bit in a safe environment!

A cleaner city is a safer city! Hope to see you there.

Pieter Venter

ADT Community Development Manager”
